

ELGIN & HALL[®]

BRITISH MADE

SURROUND & FIREPLACE COLLECTION

HEATING HOMES FOR GENERATIONS

Welcome

An Elgin & Hall fireplace could easily be the most rewarding addition you make to your home and its value. Since the foundation of our parent company in 1963, we have successfully continued to grow from our base in the North East of England. Every design is lovingly created here in the UK.

Over 56 years of continuous innovation and development has provided us with a collection of fires and fireplaces to suit any interior and lifestyle, whilst always adhering to our founding principles of elegance and simplicity. This timeless quality means your chosen fireplace will always be comfortably in agreement with your tastes in furnishing and décor.

You can rest assured that our gas and electric fires are engineered, produced and tested for peak performance and reliability.

Our surrounds are designed to keep up with changing lifestyles and include features which only we can produce thanks to our investment in the latest machinery.

At the same time, we depend on our craft skills to hand finish and polish each marble or timber piece to perfection. It is this balance of innovation and heritage that makes your Elgin & Hall fireplace uniquely special.

As part of the BeModern® Group we manufacture a range of product in house, to include, surrounds, fires and fireplaces in marble and timber, as well as steel and cast stoves. Our bathroom range suits both the traditional and contemporary home.

Our Commitment

Highest Standards of Quality BeModern® furniture suppliers manufacture a world class product and continuous investment means we are recognised as the industry leader:

- Operating to ISO 9001:2015 accreditation
- Working closely with our supply partners to maintain the highest quality of raw materials.
- Investing in new technologies to provide innovative solutions.

Our CSR Policies

We are aware that global climate change threatens the wellbeing of the natural environment and society. Whilst governments around the world move to agree on cutting greenhouse emissions, as a British manufacturer BeModern® works to minimise our own carbon footprint, cut emissions, reduce waste, recycle and reap the benefits of new, green ways of running a manufacturing business.

Responsible Manufacturing

We are dedicated to minimising the environmental impacts of our manufacturing activities and seek to explore new ideas through eco innovation, for example our 2010 investment of over £1m in an eco-boiler to convert all waste timber into heat for our factories.

Environmental Management

Having been accredited with ISO 14001:2015, the internationally recognised environmental management standard, BeModern® is committed to continually improving the effectiveness of our environmental management system.

Transport

BeModern® logistics department makes thousands of deliveries each year, providing us with an opportunity to reduce the carbon footprint through regularly modernising our fleet to minimise noise and air pollution and training drivers in fuel efficient, safe driving.

FSC® Timber

Wood is a significant material used across many BeModern® products. As demand for forestry products continues to grow, BeModern® plays its part in conservation by selecting over 75% of its raw timber from well-managed FSC® (Forest Stewardship Council®) recognised forests and holds full Forest Stewardship Council chain of custody certification.

1964

2021

Our history so far

1963

Business starts as **Modern Trends** manufacturing fire surrounds in Hendon, Sunderland from a 5000sq.ft factory

1964

Business incorporated as BeModern®

1967

Expansion of BeModern® leads them to move to larger premises in Nile Street, South Shields

1970

Continued expansion leads to purpose built premises in Western Approach, South Shields

1982

BeModern® moves into the retail sector with the acquisition of Academy Crafts selling kitchen furniture

1988

BeModern® celebrates 25 years as a British manufacturer

2001

BeModern® acquires current Shaftsbury Avenue site and commences manufacture of marble surrounds (later extended in 2004 & 2013)

2006

BeModern® acquired design and product rights of **Elgin & Hall** - manufacturing hand painted, individually crafted fire surrounds in our Marcraft factory

2009

BeModern® acquires **Broseley** in Shropshire, to extend product choice into multifuel, woodburning, electric and gas stoves (later moved to Jarrow Head Office 2019)

2012

Broseley Stoves now manufactured at our Shaftsbury Avenue site

2013

BeModern® celebrates 50 years as a British manufacturer

2014

BeModern® headquarters move from Western Approach in South Shields after 44 years to Bedesway Jarrow after a major £1m makeover

2018

Elgin & Hall's Pryzm range is developed and released

2019

BeModern® successfully exhibit at the Hearth & Home show with a vast range of new product

2020

Elgin & Hall will continue to develop first class product and remain at the forefront of the fireplace industry

2021

The new Flare Collection is released

Micro Marble Surrounds

Micro marble is a reconstituted mix of real marble pieces which are crushed and compacted together using resin to ensure a smooth surface finish.

This beautiful material has to be seen to be believed and to be fully appreciated first hand. The craftsmanship we devote to producing fireplaces in our UK workshops is matched by innovation.

Micro Marble Inglenook

The charm of micro marble is captivating in an Inglenook design; available in White, each surround can be beautifully paired with three optional back panels. Choose from White Marble, Black Slate effect or Metal Rock effect and create the perfect combination to compliment your interior whether contemporary or traditional.

Smartsense under mantel lighting can be activated from a subtle hand movement across the surround to adorn the Inglenook back panel with a warm glow.

Our micro marble Inglenooks are suitable for electric stoves only; choose from our range of contemporary and traditional electric stoves and add a decorative flue for the look of a real woodburning stove.

Micro Marble Gas Fireplaces

Pre-Cast or Standard flue solutions

We have engineered a way to fit our highly desirable Elsie 900 & 950 gas fires into the standard 16 x 22" opening in a UK chimney breast or pre-cast flue, with no building work.

Our hotly anticipated Calleos 600CF & 800CF gas fires have been perfectly paired with unique Elgin & Hall micro marble designs, this creating the ultimate complete gas fireplace. With its market leading dual gas burner, the Calleos puts Elgin & Hall & step ahead of the market.

22" Fire Switch Option

Our Amorina, Farnham, Willaston & Cotsmore electric fireplaces are available with a choice of 22" electric fires & trims. The Pryzm or Chollerton electric fires perfectly complement these Elgin & Hall marble electric fireplaces.

Flame effect

The flame-effect-only setting gives the impression of radiant logs and flickering flames with a choice of flame effects and brightness levels without the added heat; perfect for warmer nights. The latest LED technology produces a play of warming fire like tones that are both realistic and cost effective.

Flat to wall fix

This amazing transformation can be fitted in half a day at the most. Because it's electric no chimney or recess is required. It's just a case of simply plugging it in... and let the magic begin.

Timber Electric Fireplaces

Our timber electric fireplaces offer the ultimate convenience; they can be installed against any flat wall in any room. These innovative designs are a desirable centrepiece and the up to 2kW performance provides instant heat when you arrive home, which can supplement the central heating or allow you to heat just one room when the weather is on the cool side.

BeModern® | 19/34 Bedesway | Bede Industrial Estate | Jarrow | Tyne and Wear | NE32 3BE

BeModern® hold design copyright and registration of design for its product ranges. BeModern® are continually striving to improve and develop their range of products. It is important, therefore, to check details before ordering as sizes and specifications may change without prior notice. Whilst every effort is made to ensure accuracy and colour, it is not always possible to obtain perfect reproduction because of the materials and printing processes used and you may find that shades, natural grain markings and marble colouring are not consistent. © BeModern® September 2021
